### **Engineering IT**

Click **Settings** in the lower left corner.

Make sure Notifactions Settings is set to **NONE**.

Note: This stops a notification from popping up every fifteen minutes warning that your PC is currently displaying

Enter the **IP address** located in the lower left of the display you are trying to connect to and click **Go**.

### **Engineering IT**

Enter the **Screen Key** that is shown on the display and click **OK**.

Note: Using the same IP address and Key, multiple people can connect to the same display.

Now that you are connected, you can share your desktop, a specific application, or a files located on your computer.

### **Engineering IT**

By clicking **Control**, you can manipulate what is shown on the display.

**Right-clicking** a window will give you extra options to display fullscreen, information about the window, stack and delete.

### **Engineering IT**

When finished, disconnect from the Solsctice by clicking **Disconnect**.
